

## Workshops

Your educational experience will not be complete at *Wide Open Spaces* (WOS) without the opportunity for in-depth study and hands-on training available through the workshops. Instructors will provide half and full day programs designed to immerse you in topics ranging from Flash to management to web design. Expand your knowledge by taking advantage of all that “WOS” has to offer. Connie Johansen, RBP and Lynn Povanda have put together the following workshops for you to choose from.
